ROSTER VERIFICATION

FALL SEMESTER 2014-2015

CTE Assessments to Include

Career and Technical Education (CTE) teachers need to verify rosters for courses in which assessments will be used to generate value-added data. Teachers should not create and verify rosters for courses in which assessments are being field- or pilot-tested. The following assessments are part of roster verification for first semester of the 2014-15 school year.

CTE middle school courses will NOT participate in roster verification for the 2014-15 school year.
